Outcomes

Academics

Total Students Served

648

80% or more of students served maintained or moved up between 0.5 or 2 grade levels withing one academic school year.

Our students served increased their Math & ELA skills to improve chances of performing higher on SBAC, CAASP and STAR exams

Between 2024 and 2025, the program expanded substantially, serving 423 additional individuals. This growth reflects a 165% increase in service delivery capacity and community reach..

Tutors

Attended monthly individual and group trainings to increase behavior management, classroom culture, relationship building and student progress.

Self-Esteem & Confidence

80% or more of students served increased their confidence in the classroom, therefore improving their grades.

Testimonials

"I liked that when the topics were hard, our teacher used games to help make it more fun to learn."
- Allison

{Student at RISE Elementary}

"I like how we were taught things that I first thought were hard. Now they are easy."
- Shevan

{Student at Stella Middle}

"I appreciated how she showed patience when teaching us, while we were trying to understand the material."
- Airam

{Student at Valor Middle}

Gratitude

As we reflect on an incredible year of growth and impact at DUYA, we would like to express gratitude to our donors, partners, and grant providers.

Your unwavering support has been the cornerstone of our success in empowering youth and fostering academic excellence.
